

VIAPATH TRUST FUND SERVICES

ViaPath's Trust Fund service allows you to deposit money directly into an inmate's commissary account. The inmate can then use those funds, just like cash, to make a variety of purchases at their facility's commissary (items vary by facility location).

The Trust Fund service makes it easier than ever to help your incarcerated loved ones stay connected and adjust to life at their facility.

Send money to an inmate at:

[Illinois Department of Corrections](#)

Features

- Deposit options available 24 hours a day, 7 days a week via phone and anywhere you have Internet access.
- Mobile-friendly deposit options are available.
- Deposits made through automated channels (ConnectNetwork Website, Mobile App, or Toll Free Phone) are transmitted to the facility within one business day. Deposits that are mailed are generally processed the next business day after they are received by ViaPath. (Availability of funds is subject to facility policies).
- Inmate can choose how to spend funds.

How It Works

After creating a ConnectNetwork account, selecting a facility, and inmate to add to your account, you can deposit money into his or her Trust Fund (commissary) account at any time. Deposit amounts vary, but the most common denominations are between \$10 and \$100. All funds appear on the inmate's account quickly, efficiently, and accurately.

Note: *If you choose to make a Trust Fund deposit via our [automated phone system](#), you may need to provide the facility's "Site ID". **Illinois Department of Corrections - Site ID 169.***

What It Costs

Trust Fund deposit fees can be calculated before submitting payment.
