### Coles County Jail 2020 Inspection Report

The Coles County Jail was inspected on December 10, 2020 by Specialist Stephanie Rawlings. Entrance and exit interviews were conducted with Jail Administrator Lisa White and Sgt. Beadles.

#### IMPROVEMENTS SINCE LAST INSPECTION:

1. UV air purifying system was installed in the air ducts of the jail
2. Restraint chair policy updates
3. Homewave is providing all offenders a 30 minute video visit each week for free

#### NONCOMPLIANCES WITH ILLINOIS COUNTY JAIL STANDARDS

##### Section 701.40 Admission Procedures

###### a) Injuries

Any seriously injured, seriously ill or unconscious person must not be admitted to the jail until a medical examination has been conducted by a licensed physician, except when a properly staffed medical facility staffed by a physician or physician's assistant is a part of the jail.

- 1) When a detainee shows signs of or reports unusual physical or mental distress, he or she shall be referred to health care personnel as soon as possible.
  - A) Detainees exhibiting psychiatric symptoms, such as acute psychotic features or mood disturbances, or detainees who have a known psychiatric history shall be evaluated by a mental health professional.
  - B) Detainees exhibiting suicidal behavior or ideations shall be placed in a reasonable level of care that provides for their safety and stability.

*This noncompliance is being assessed based on the following observations:*

- 1) It became apparent during the investigation conducted on August 28, 2020 by Specialist Rawlings into the incident of Detainee Denman (3/14-15/20) that jail staff are relying on their own assessment of a detainee's medical and mental health needs without seeking the review of a physician or mental health professional. See investigation report of same date submitted to Sheriff Rankin via JDSU Manager Bowen for findings associated with this standard.*
- 2) On the date of inspection, this Specialist observed a detainee being booked into the jail by physically walking through the booking area twice during this intake and also observing via camera from the command center. During this booking protocol which was approx. 30-40 minutes in total and still in progress when I exited the inspection, this specialist observed staff commenting that he was having trouble staying awake and being coherent. He started the process in street clothes and upon second walk through was observed in a suicide smock. The officer was heard asking him about an overdose but that the detainee couldn't say what exactly he had taken. At no time during this 30-40 minutes in which this was being observed by this inspector was the nurse called to evaluate. This inspector commented this concern to JA White upon exit. This inspector was in fact with the nurse during more than half of this time reviewing medical documentation for the inspection instrument. This specialist is assessing a noncompliance due to the apparent lack of urgency to confirm the detainee's wellness prior to admission to the jail. A detainee who is incoherent and advising of alleged overdose should not be admitted to a county jail.*

#### **Section 701.140 Security**

- a) Facility Security Measures
  - 1) Jail sections housing persons who are escape risks, suicidal or mentally disturbed or impaired, or who present special security concerns, shall be given appropriate care and supervision and checked more frequently than the standard 30-minute check.

*Specialist Rawlings reviewed the crisis cell check log both on August 28, 2020 and December 10, 2020 and both incidences log was significantly noncompliant. Coles County Jail policy mandates that detainees on special watches be checked every 15 minutes. Significant and numerous gaps beyond 15 minutes were observed on both dates.*

## **Section 701.150 Safety**

- 1) Each jail shall prepare and post a fire plan requiring simulated fire drills, use of equipment, evacuation procedures and other requirements of the Fire Marshal.

*No fire drill was conducted in 2020.*

## **Section 701.20 Personnel**

- a) Jail Officer Staffing
  - 1) Each jail must have sufficient personnel to provide adequate 24-hour supervision of detainees.
  - 2) If the jail has more than one floor of detention, one jail officer shall be required for each additional floor when 15 or more detainees are confined. This minimum standard shall not apply to the midnight shift provided 30- minute supervisory checks are performed in accordance with Section 701.130.

*Recommendations: staffing level needs to be sufficient to ensure that floors of more than 15 detainees have an officer assigned to that post full-time. In addition, staffing needs to be sufficient to ensure cell checks, crisis watches, booking, and other happenings in the jail can be covered safely with the staff available.*

## **Section 701.70 Classification and Separation**

- a) Classification Review

Review of the detainee's security and assignment classification shall be conducted periodically, but at least every 60 days.

*Documentation of this review every 60 days could not be provided at the time of inspection.*

## **Section 701.130 Supervision**

- 1) A jail officer shall provide personal observation, not including observation by a monitoring device, at least once every 30 minutes. A record of the observation shall be documented in the shift record.

*On the date of inspection, Specialist Rawlings reviewed the cell check log for 12/2/20 and*

*found numerous gaps in excess of 30 minutes throughout the jail and across all shifts. In addition, for the detainee on crisis watch that day, numerous gaps beyond Coles County Jail's policy of 15 minutes existed. This noncompliance also was present during the investigation Specialist Rawlings conducted in July regarding a detainee in a restraint chair longer than 30 hours. This issue must be corrected immediately.*
