Lifeline Free Government Cell Phones Program in Illinois

In this program, the customers get a free phone, no monthly bills or any long-term contracts, no any additional or hidden costs or fees. There there is more than one Lifeline company giving free government cell phones and free government smartphones to its subscribers in Illinois. Given this point, it makes sense to learn about all of them before enrollment. The most significant difference in the companies is the amount of free talk minutes and text messages. Typically, most provide about 2G of free data. Although applicants may apply for this service online at each company’s website, representatives are often on site at DHS offices and Food Pantries in Cook County. (Feel free to call some of these locations in your area to inquire about representatives appearing on site to sign up potential customers.) Typically, one’s medical card or link card will suffice for “proof of income.”
