¹ For the purpose of this fact sheet, "Male" is the gender recorded in the tracking system of record at the individuals admission to IDOC custody. "Male" does not determine an individual's location.

²Recidivism rate indicates the percentage of individuals who return to IDOC within three years after release. The data represent those individuals released from IDOC in FY2016, FY2017, and FY2018.

³ Sentencing County: County from which an individual was convicted and sentenced.

Collar Counties (5): DuPage, Kane, Lake, McHenry and Will.

Downstate Counties (96): Illinois counties other than Cook County and collar counties.

⁴ Admission to IDOC during each calendar year (January 1 - December 31). CY19 Admission History has been updated/corrected and will differ from the older versions of the CY19 Admission History on previous versions of Fact Sheets.

⁵ Court admission is defined as an adult admitted from criminal court who is not on MSR or parole.

⁶ A new offense violation is defined as an adult readmitted from criminal court for a felony committed while on MSR or parole.

7 A technical violation is defined as an adult on MSR or parole readmitted because of an MSR or parole rule violation

⁸ Other is defined as an adult who is admitted to IDOC from another custody or who has been returned to custody without having been sentenced.

9 Sex offender registrants are defined as individuals required to register as a sex offender for having a sex offense or a murderer/violence against youth offense on the sentencing order; excluding prostitution.

* End of CY population is the population on the last day of the Calendar Year, December 31st.

** In December, 2015 IDOC initiated a major IT transition, moving from a DOS-based offender tracking system to a modern, web-based tracking system. During the transition, some traditional measures will contain missing values due to a combination of factors, which include quality control issues with data entry and missing data for fields that are no longer required within the system. In addition, basic coding and program logic is still being reviewed and corrected. Moving forward, the Department continues to validate certain data measures and all elements are subject to change as more information becomes available. Contact the Planning & Research Unit with any questions.
