\*\*\* The highest female population was 2,976 on November 16, 2000.

<sup>1</sup> For the purpose of this fact sheet, "Female" is the gender recorded in the tracking system of record at the individuals admission to IDOC custody. "Female" does not determine an individual's location.

<sup>2</sup> Recidivism rate indicates the percentage of individuals who return to IDOC within three years after release. The data represent those individuals released from IDOC in FY2017, FY2018, and FY2019. Gate violators indicate individuals who fail to release due to the inability to identify an approvable host site per statute. The recidivism rate will be updated when programming issues are resolved.

<sup>3</sup> Sentencing County: County from which an individual was convicted and sentenced.

Collar Counties (5): DuPage, Kane, Lake, McHenry and Will.

Downstate Counties (96): Illinois counties other than Cook County and collar counties.

<sup>4</sup> Admission to IDOC during each fiscal year (July 1 - June 30).

<sup>5</sup> Court admission is defined as an adult admitted from criminal court who was not on MSR or parole at the time the offense occurred.

<sup>6</sup> A new offense violation is defined as an adult readmitted from criminal court for a felony committed while on MSR or parole.

Court admission also includes other admission types not included in the new offense violations or technical violations categories.

<sup>7</sup> A technical violation is defined as an adult on MSR or parole readmitted because of an MSR or parole rule violation.

<sup>8</sup> Other is defined as an adult who is admitted to IDOC from another custody or who has been returned to custody without having been sentenced.

<sup>9</sup> Sex offender registrants are defined as individuals required to register under guidelines determined by statute, excludes prostitution.

\* End of FY population is the population on the last day of the Fiscal Year, June 30th.
