Note: In December, 2015 IDOC initiated a major IT transition, moving from a DOS-based offender tracking system to a modern, web-based tracking system. During the transition, some traditional measures will contain missing values due to a combination of factors, which include quality control issues with data entry and missing data for fields that are no longer required within the system. In addition, basic coding and program logic is still being reviewed and corrected. Moving forward, the Department continues to validate certain data measures and all elements are subject to change as more information becomes available. Contact the Planning & Research Unit with any questions.

<sup>1</sup> Operational capacity is the maximum amount of beds a facility has; to include: health care, crisis, segregation, protective custody, isolation, R&Cs, and future segregation, protective custody, isolation, R&Cs, and future beds that are down for repair.

<sup>2</sup> Rated Capacity is the total number of usable beds for the general population; this excludes: health care, crisis, segregation, administrative detention, protective custody, isolation, and any specialty bed that cannot be used by the general population.

<sup>3</sup> IL River Maximum opened on December 13, 2018. Daily population counts are not yet programmed into the tracking system of record. The average daily population is calculated by calendar year and using the population on the final day of every month for IL River Max.

Note: This data reflects the most recent updates to capacity measures and security levels of facilities. Previous reports will vary in details.

<sup>1</sup> Uncelled refers to when an inmate has been brought into a facility, but not assigned to a cell when the Offender 360 Housing Report was run.

Note: Data entry delay may cause some discrepancy with other counts. ATC's electronic detention, and federal/other state custody are not included on this table.

Note: Elgin Treatment Center opened on April 2, 2018. Murphysboro Life Skills Reentry Center (LSRC) opened on April 16, 2018.

Note: Work camps, IIP's, and R&C's are combined with their parent facilities.

Note: In December 2015 IDOC initiated a major IT transition moving from a DOS-based offender tracking system to a modern, web-based tracking system. During the transition, some traditional population counts and other measures were not collected or needed validation. Therefore, the OERHP105 Resident Housing Report from December 2015 to current is still under the validation process; data counts are estimates and subject to change. Contact the Planning & Research Unit with any questions.

This population forecast reflects the Department's efforts to improve the method for projecting prison population utilizing a simulation tool that includes past experience and policy changes. Conceptually, the model is designed around the movement of individuals through the prison system. The data reflect Fiscal Year 2019 experience.

The underlying assumptions are:

1. Admissions are trending down but slowing in recent years
2. IDOC implementation of risk assessments to identify needs and target programs to reduce recidivism
3. High potential for legislative changes designed to shorten length of stay for certain offenses
4. Initial truth-in-sentencing offenders will begin to be released
5. Opening of Kewanee Life Skills Reentry Center for enhanced reintegration by offense class.
