Note: In December, 2015 IDOC initiated a major IT transition, moving from a DOS-based offender tracking system to a modern, web-based tracking system. During the transition, some traditional measures will contain missing values due to a combination of factors, which include quality control issues with data entry and missing data for fields that are no longer required within the system. In addition, basic coding and program logic is still being reviewed and corrected. Moving forward, the Department continues to validate certain data measures and all elements are subject to change as more information becomes available. Contact the Planning & Research Unit with any questions.

<sup>1</sup> Participant numbers are cumulative totals of all offenders that spent time in the course.

<sup>2</sup> ASE Completers have passed all 4 required tests. Offenders who are mandated to take the ABE are completers when they have either finished the 90 day program or scored a 6.0 on the T.A.B.E. Career technologies participants are completers when the student completes the 20 day course requirement. All other course completers are determined by the student completing the required curriculum with satisfactory or better progress.

<sup>3</sup> Career Technologies - This course provides students with orientation for transitioning from education to careers including interview techniques, resume writing, job search strategies, personal growth and finance.

<sup>4</sup> Vocational numbers for Equine and Nail Tech have been added to table.

<sup>5</sup> Dixon STC and Stateville Farm's numbers are included with the parent facility.

<sup>6</sup> Text in parenthesis is the parent facility for the program. PNK = Pinckneyville; VIE = Vienna; JAC = Jacksonville IIP = Impact Incarceration Program

Note:  
 Some offenders may be counted in multiple classes and repeated in multiple months.  
 Drop outs are included in the cumulative numbers.  
 Dashes (-) are indicated where the programming is not available for that facility.  
 Zeroes (0) indicate that programming was available, but no students were enrolled.

\*Due to the uniqueness of course offerings at Kewanee, Logan, and Murphysboro Life Skills Reentry Centers (LSRC), separate tables have been added, see tables 3a - 3c.

This population forecast reflects the Department's efforts to improve the method for projecting prison population utilizing a simulation tool that includes past experience and policy changes. Conceptually, the model is designed around the movement of individuals through the prison system. The data reflect Fiscal Year 2018 experience.

The underlying assumptions are:

1. Admissions are trending down but slowing in recent years
2. IDOC implementation of risk assessments to identify needs and target programs to reduce recidivism
3. High potential for legislative changes designed to shorten length of stay for certain offenses
4. Initial truth-in-sentencing offenders will begin to be released
5. Opening of Kewanee Life Skills Reentry Center for enhanced reintegration by offense class.
